

NHC Breweries by Bus

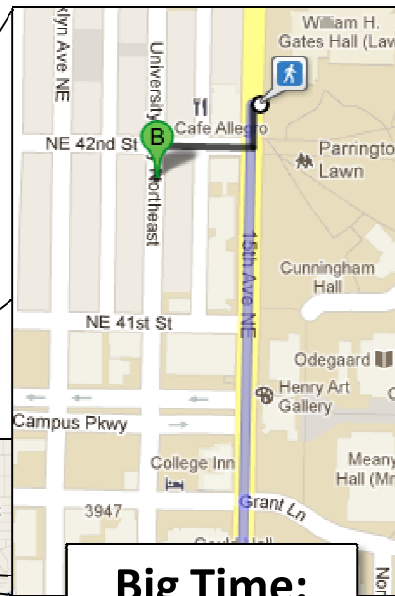

If you want to check out some local breweries by bus, there are a few options. You can head to downtown Seattle (see NHC Downtown Seattle Self-Guided Tour) or take a direct bus to one of two other great breweries. Simply head down to the nearby transit center and jump on one of the routes described below. The B-Line is a great way to get to Black Raven Brewing Company and leaves every 10-15 minutes during the day (every half hour after 10 pm). The Metro 271 runs anywhere from every 15 minutes to every hour, depending on the time and date. You can find more information on the bus routes at <http://metro.kingcounty.gov>. Save time waiting by downloading a great app to find out when the next bus is coming at <http://www.onebusaway.org/>.

The bus is cheap, safe, fast, and easy. After getting on the bus, pay your fare (\$2.50 for the B-Line, \$3.00 for the Metro 271). Change is not provided so please carry the exact fare. Sit down, and enjoy your ride. When you get a block or two away from your stop, pull the cord (or push a button, depending on the bus type) to notify the driver that you want to stop. You may want to grab a transfer in case you spend less than a couple hours at the brewery (if you stay longer, you will have to pay a return fare). Enjoy your time at the brewery and when you are ready to come back, find a bus stop sign with your route number and head back. Enjoy your trip!

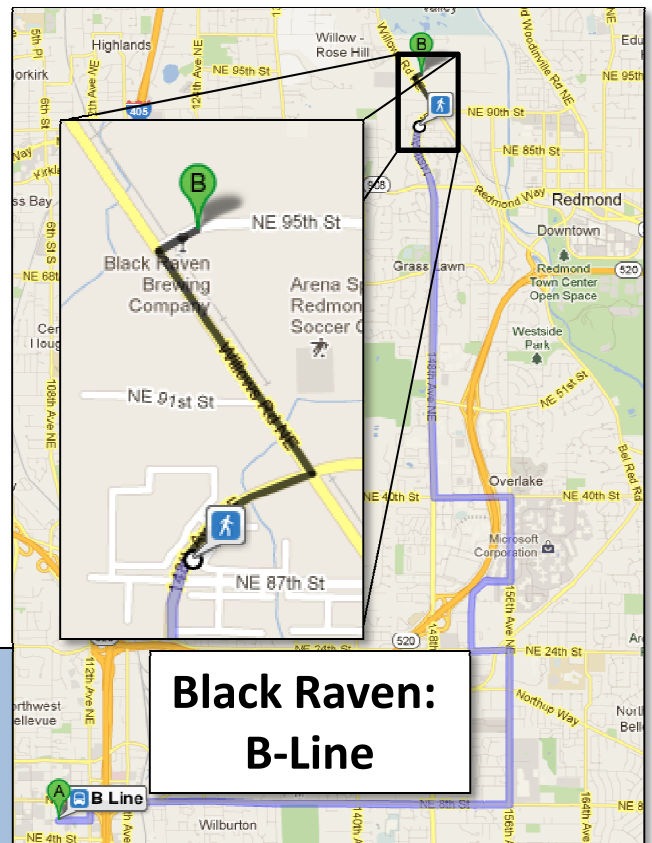

Directions from Conference to Bellevue Transit Center
